

A Great Finish to 2014 2015 we are on the Move Again

We thank the Lord Jesus...

At the end of 2014 we had a lot of things to ask the Lord Jesus for. All of our family were coming to a junction in their lives and needed His grace.

Firstly, Kiri finished her research position and found a full time course at Deakin University in Nutrition.

Secondly, Tristan wanted to position himself for a Law Degree over the next two years. Thanks to the Lord Jesus, he won entrance to Ballarat Grammar, an Anglican Barding School in Melbourne.

Thirdly, Imogen required a pass for her final Nursing Exams, Graduate from James Cook University, and win a Post Graduate position in a hospital. Thank the Lord again, all came to be.

Fourth, Aaron needed to finish well at Peace Lutheran College with a high exit score, gain entrance to Queensland University and St. John's College. Once more the Lord answered our prayers.

And for Clare and I, see over....

Kiri and Imogen

Kiri has started a full time post graduate diploma in Nutrition at Deakin University.

Imogen graduated with a BSc in Nursing and gained a position in the remote hospital of Mt. Isa with a year in Paediatrics.

Aaron, Queensland University...

Aaron finished school just before Christmas with a fantastic exit score which won him entrance into Queensland University and also into St. John's Anglican collage there. He will be studying a Bsc in Biology, Microbiology, Chemistry and Software Design.

On the move again...

MAF, **Mission Aviation Fellowship**, has other meanings amongst its pilots and staff alike, "**Move Again Friend**" is the next most used and so it is we have been asked to move on, now that we do not have children at home requiring school education since Tristan went to Melbourne.

We are excited to tell you Wewak is our next destination in PNG during end April. Wewak is in the north of PNG, costal on the East Sepik River.

We will leaving the Twin Otter aircraft in Goroka for the GA8 single pilot aircraft pictured here in Wewak. Clare will be finishing up the library which she loves so much at New Tribes Mission School.

Unlike the highlands, the lowlands are hot, a long way from anywhere and without the abundance of vegetables in Goroka and we will need to take Malaria medication every day.

We will be living with another two MAF families; The Venter family from South Africa who were in Goroka with us in 2013 and the Kurz family from Germany who are new this year to PNG.

We ask for prayers for all the changes in all our lives

Tristan, back to school...

Just before Christmas, Tristan won an award to Ballarat Grammar, Anglican Boarding School in Melbourne. He returned after Christmas to start year 11, which is equivalent to starting A levels in England.

Support and Donations

Would you like to receive family updates? We send them out every three or four months.
