## Munbil: Church Preacher flown in following PNG's National Day of Prayer

In the remote Highlands of PNG near the Indonesian boarder, I flew in a preacher (centre) to Munbil airstrip to minister on the National Day of Prayer. Also, I flew a senior medical officer (on the left) with much needed supplies to provide a clinic for the Amdu people who live here.

Picture top left, MAF passengers arrived by Canoe to Hauna airstrip to catch my flight, a arduous journey from the swamp lands of the Sepik river.
